

MONTFORT COLLEGE
BANGALORE 560038

ANALYSIS OF CURRICULUM RELATED FEEDBACK FROM ALUMNI FOR THE AY 2021-2022

Preamble

The feedback on the curriculum was sought from 45 alumni of the college from the passed on 2019-2021 batch. Among them 21 were from the MSc. Counselling Psychology program and 24 were from the M.Sc. Psychology program. the areas of focus were as follows:

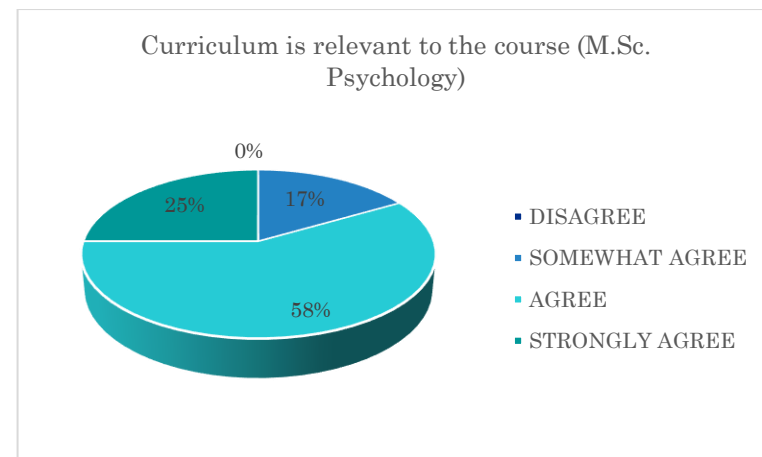

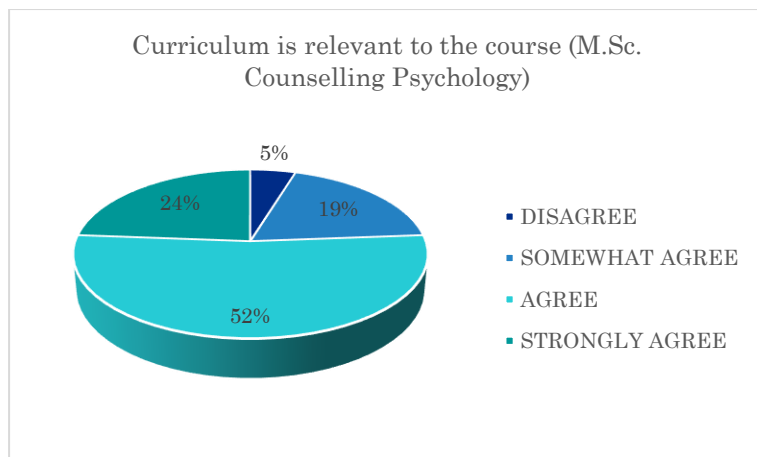

- Relevance of curriculum to the course, program, and to mental health
- How updated the syllabus and the prescribed books are
- Presence of course outcomes and their alignment to program outcomes
- Development of relevant skills and Preparation for careers

Summary

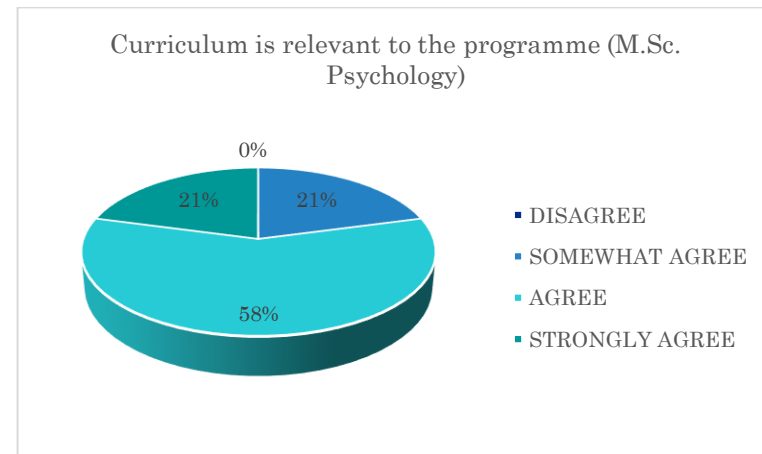

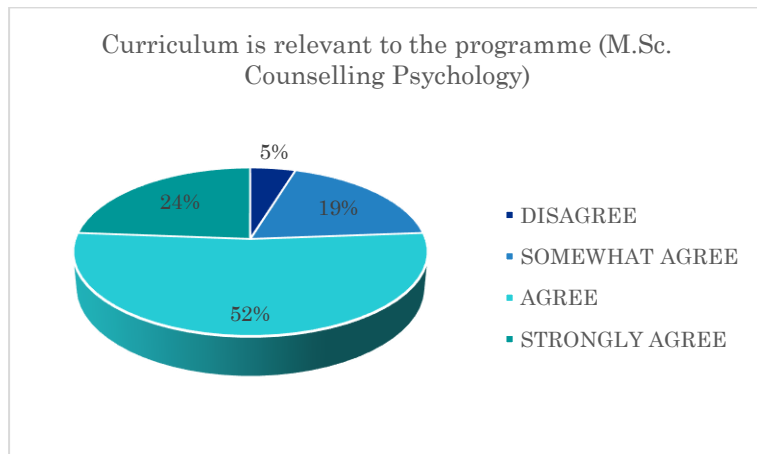

The overall findings indicate that according to the alumni, the curriculum is relevant to the courses and the program and it is up to date for most part. The curriculum develops adequate professional skills. Course outcomes are in place, appropriate to the course, and align with program outcomes. While a large portion of the alumni feel that the curriculum prepared them adequately for work, still a significant portion, about 10-20% feel that the program does not equip them for employability. Skill enhancement could also be focused on in some of the courses and some of the courses may need to update the content and the references.

The detailed analysis follows.

Relevance of the Curriculum

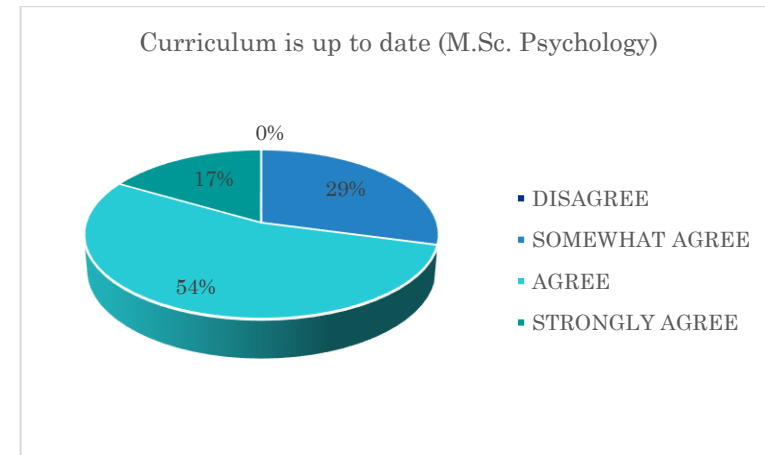

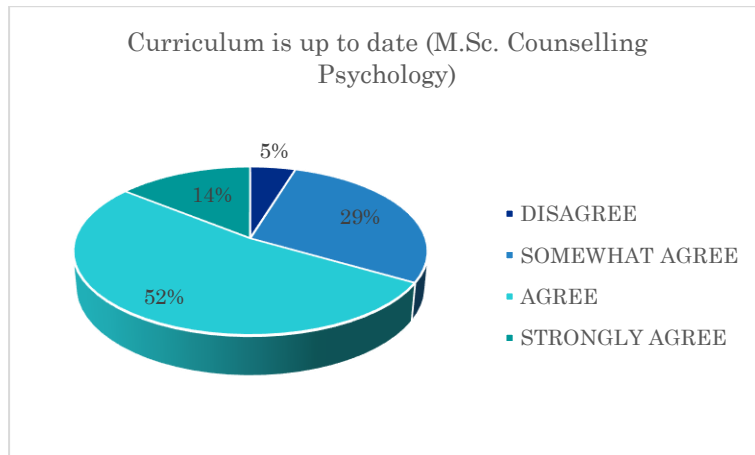

A large portion of the alumni agree that the curriculum is relevant to the course and also to the program.

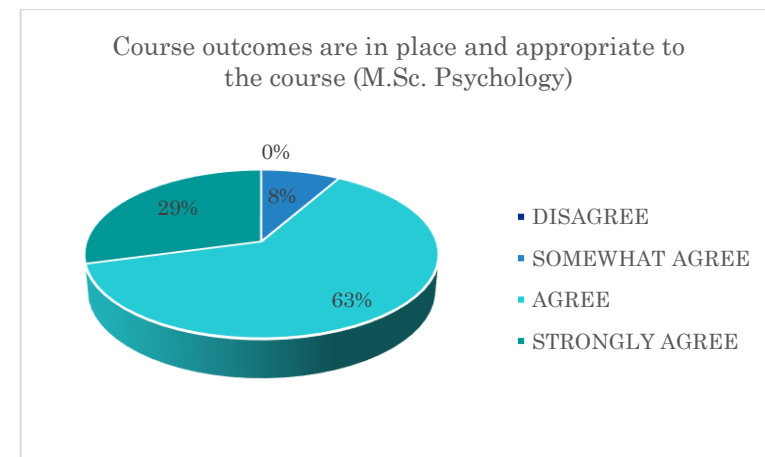

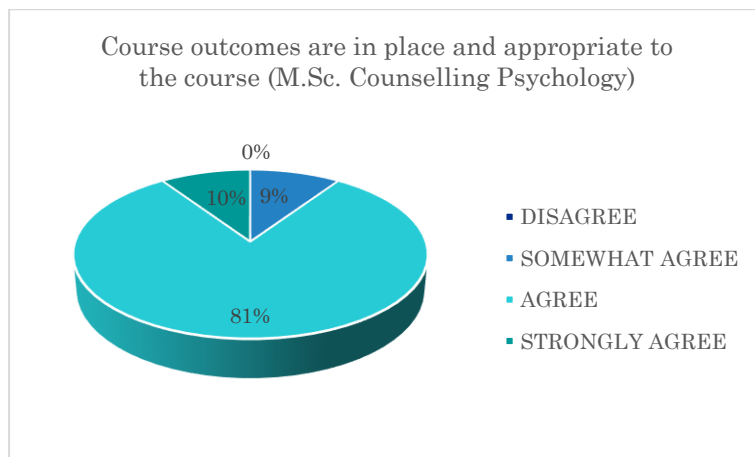

Up-to-datedness of the Curriculum

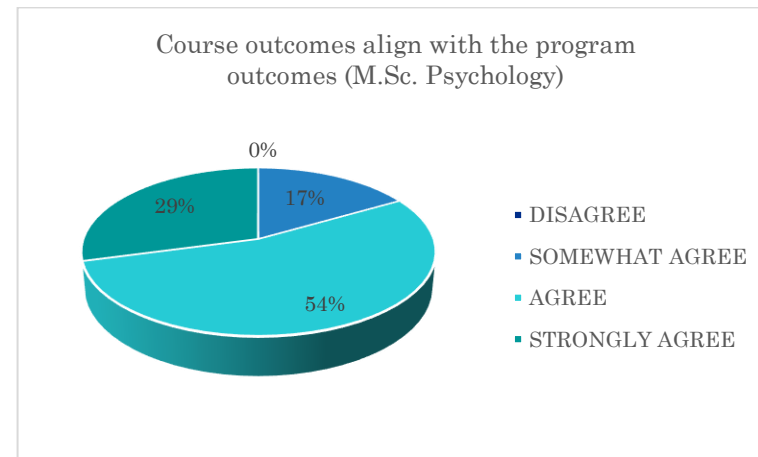

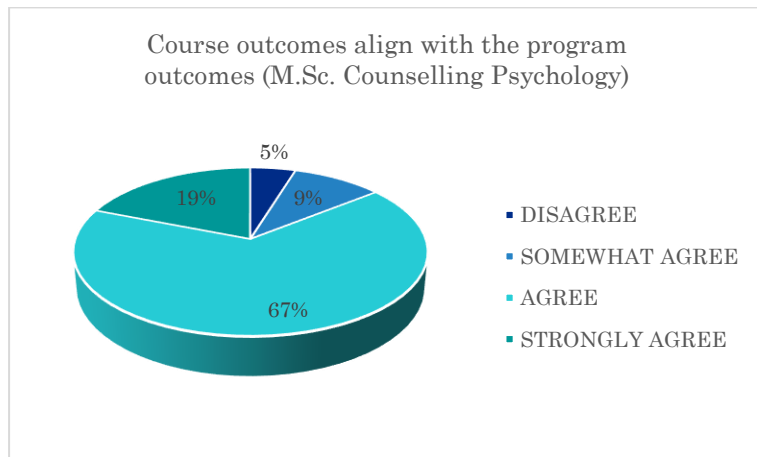

The alumni agree that the curriculum is up to date although there is a significant proportion who are uncertain about the up-to-datedness of certain courses.

Presence of course outcomes and their alignment to program outcomes

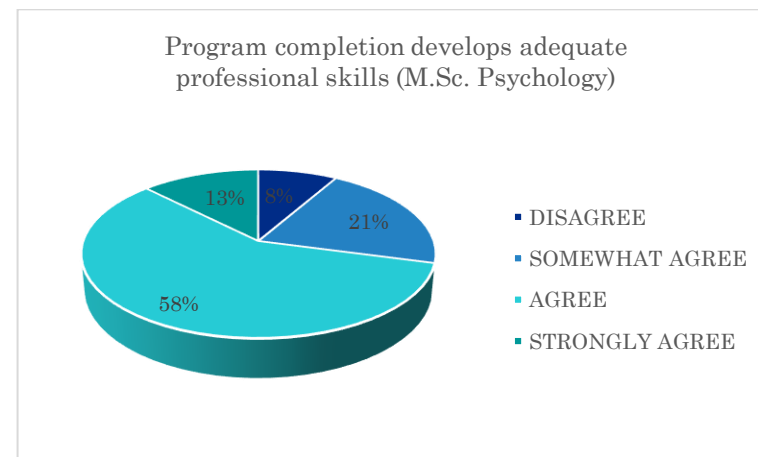

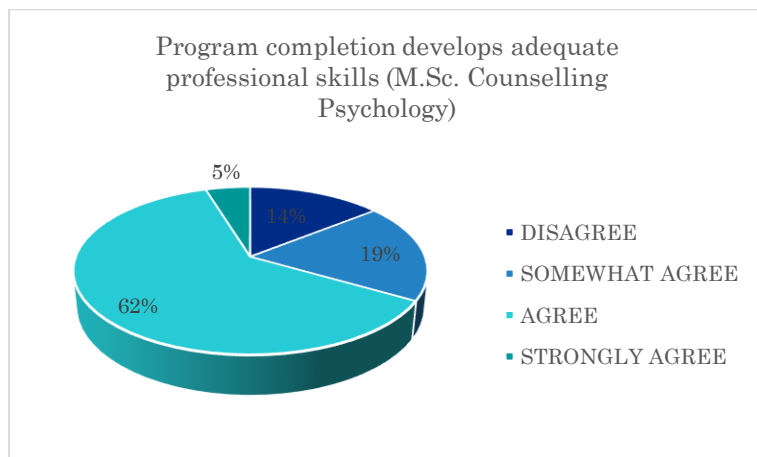

Most of the alumni agree that course outcomes are in place and appropriate for the course. They also agree that the course outcomes align with program outcomes.

Development of relevant skills

The alumni feel that rogram completion develops adequate professional skills. They note that skill-development could be enhanced in some courses.

Preparation for career/ further studies

While a large portion of the alumni feel that the curriculum prepared them adequately for work, still a significant portion, about 10-20% feel that the program does not equip them for employability.
